

Sigiriya

“ A UNESCO World Heritage Site and part of Sri Lanka's cultural triangle, Sigiriya appears frozen in time, with the echoes of the past, beginning 3rd century, still within the range of listening and experience. From being a Buddhist monastery to a military fortress, today Sigiriya is mostly a tourist destination, with the village on the outskirts being recent in origin.

Famous For : City

Visible even as you are miles away from Sigiriya, the Sigiriya rock, a hardened magma plug from an ancient, extinct volcano of the pre-historic times, rises in the distant skyline, like a forefather greeting its new batch of visitors. As you enter the ancient castle by the giant Lion's paws and explore the frescoes on the mirror wall, you will be captivated by its awe-inspiring and jaw-dropping splendour. The frescoes, suggestive of Ajanta caves of India, make the entire face of the hill appear like an incredible, gigantic painting, sweeping you away in their strokes and deep colors.
